non-fiction social commentary
and debate for academic,
professional and general readers
who want fresh perspectives on
the economy, cost of living crisis
and the history of economic
thought.**

Our books are intended to have an impact in advancing knowledge, raising awareness and encouraging social change.

Uncomfortably Off

Why the Top 10% of Earners Should Care about Inequality

Marcos González Hernando and Gerry Mitchell

People in the top 10% of earners often drive politics, the public conversation, and much of the private sector. This book draws attention to this potentially powerful section of society and explains why it is in their interest that inequality is reduced.

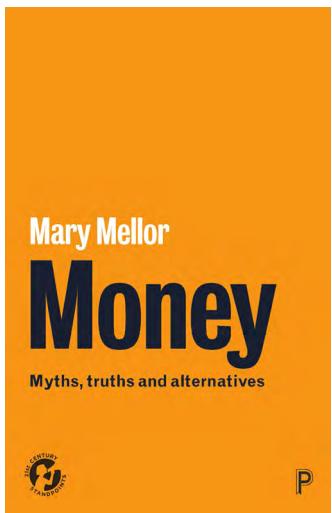

PB £12.99 ISBN 9781447367529

HB £19.99 ISBN 9781447367512

216 x 140 mm 208 pages

US July 2023

Money

Myths, Truths and Alternatives

Mary Mellor

Mary Mellor examines money's social, political and commercial histories to debunk longstanding myths such as money being in short supply and needing to come from somewhere. She sets out a new finance system, based on green and feminist concerns, to bring radical change for social good.

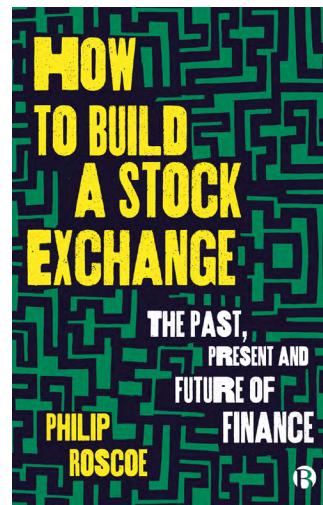

PB £14.99 ISBN 9781447346272

216 x 138 mm 192 pages

UK July 2019

US August 2019

21st Century Standpoints

How to Build a Stock Exchange

The Past, Present and Future of Finance

Philip Roscoe

Exploring the development of stock exchanges, markets and the links with states, Roscoe offers a cautionary tale about the drive of financial markets towards expropriation, capture and exclusion and wonders what the future for finance might be, and how we might get there.

PB £19.99 ISBN 9781529224320

US April 2023

What Is Philanthropy For?

Rhodri Davies

Philanthropy, the use of private assets for public good, has been much criticized in recent years. Rhodri Davies, drawing on his deep knowledge of the past and present landscape of philanthropy, examines pressing questions that philanthropy must tackle if it is to be equal to the challenges of the 21st century.

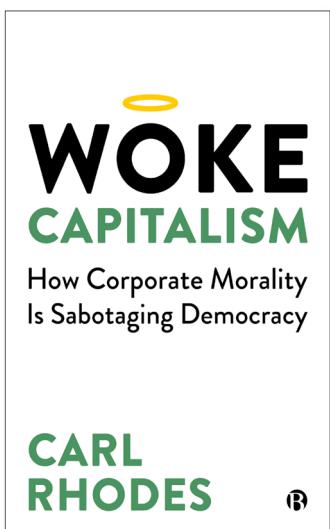

PB £8.99 ISBN 9781529226928

203 x 127 mm 174 pages

UK March 2023

US March 2023

What Is It For?

Woke Capitalism

How Corporate Morality is Sabotaging Democracy

Carl Rhodes

This book delves into the corporate takeover of public morality, or 'woke capitalism'. Discussing the political causes that it has adopted, and the social causes that it has not, it argues that this extension of capitalism has negative implications for democracy's future.

PB £11.99 ISBN 9781529211672

HB £19.99 ISBN 9781529211665

216 x 138 mm 240 pages

US November 2021

Urgent Business

Five Myths Business Needs to Overcome to Save Itself and the Planet

Ian Thomson and Dominic Bates

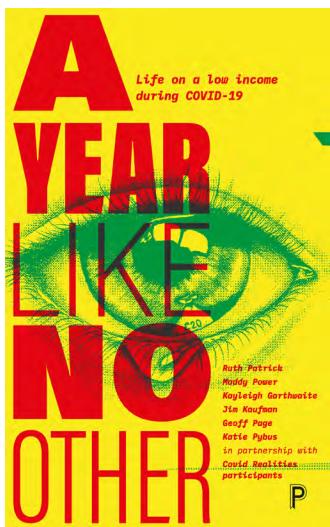

Combining academic insight and inspiring real-world examples, this book offers a new business model which argues that all companies should become responsible businesses, transforming the sustainability agenda into a more holistic and systemic approach.

PB £19.99 ISBN 9781529217599

234 x 156 mm 230 pages

UK February 2022

US February 2022

A Year Like No Other

Life on a Low Income during COVID-19

Ruth Patrick, Maddy Power, Kayleigh Garthwaite, Jim Kaufman, Geoff Page and Katie Pybus

Telling the stories of low-income families, this book exposes the ways that pre-existing inequalities, insecurities and hardships were amplified during the pandemic in the UK and offers key policy recommendations for change.

PB £14.99 ISBN 9781447364696

216 x 138 mm 192 pages

UK September 2022

US October 2022

The Economics of Arrival

Ideas for a Grown Up Economy

Katherine Trebeck and Jeremy Williams

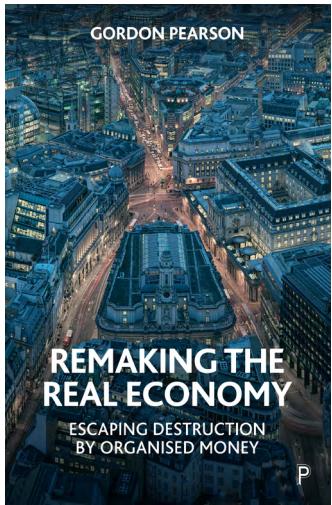

Trebeck and Williams challenge us to make ourselves at home with economic wealth to ensure that everyone is included. They explore the possibility of 'Arrival', urging us to move from enlarging the economy to improving it, and the benefits this would bring for all.

PB £14.99 ISBN 9781447337263

216 x 138 mm 224 pages

UK January 2019

US February 2019

Remaking the Real Economy

Escaping Destruction by Organised Money

Gordon Pearson

Debunking the myths around the current economic belief systems, this book reveals how mainstream perspectives work for the benefit of the organised money establishment, while causing all manner of destructions and inequalities which work against the common good. It offers a refreshingly simple business strategy model for a truly sustainable future.

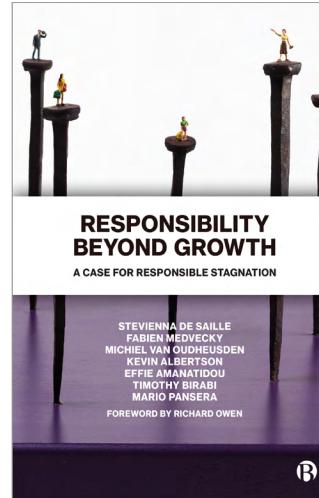

PB £24.99 ISBN 9781447356592

HB £79.99 ISBN 9781447356585

234 x 156 mm 238 pages

Responsibility Beyond Growth

A Case for Responsible Stagnation

Stevienna de Saille, Fabien Medvecky, Michiel van Oudheusden, Kevin Albertson, Effie Amanatidou, Timothy Birabi and Mario Pansera

This book sparks new debate on the role of responsible innovation. Drawing on insights from economics, politics, and science and technology studies, it proposes the concept of 'responsible stagnation' as an expansion of present discussions about growth, responsibility and innovation.

HB £21.99 ISBN 9781529208177

216 x 138 mm 184 pages

UK July 2020

US August 2020

Good Finance

Why We Need a New Concept of Finance

Vedat Akgiray

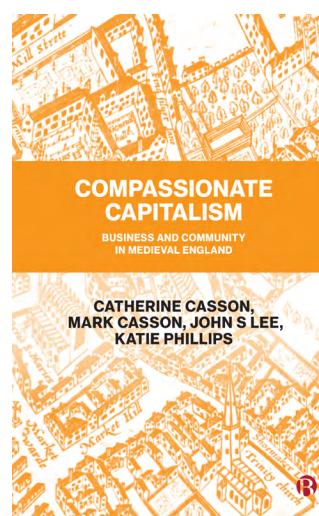

Presenting a sharp critique of extreme financialization and the economics profession's continuing blind faith in the efficient market hypothesis, this book considers how our current concept of finance can be revised for the good of society.

PB £12.99 ISBN 9781529200003

198 x 129 mm 162 pages

UK June 2019

US February 2019

Compassionate Capitalism

Business and Community in Medieval England

Catherine Casson, Mark Casson, John Lee and Katie Phillips

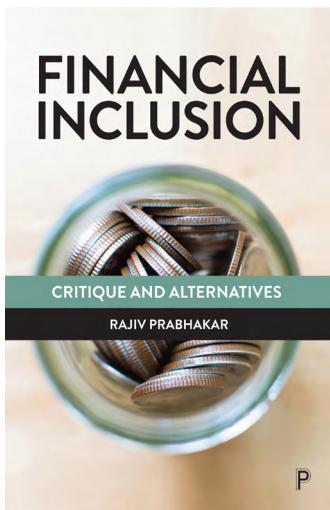

It may seem like a recent trend, but the businesses have been practicing "Compassionate Capitalism" for nearly 1000 years. Based on the recently discovered historical documents on Cambridge's urban property market, this transdisciplinary study presents an invaluable contribution to our knowledge of the early phases of capitalism.

UK April 2020

US May 2020

Financial Inclusion

Critique and Alternatives

Rajiv Prabhakar

Rajiv Prabhakar brings together the typically exclusive views of supporters and critics to present a nuanced, critical analysis of 'financial inclusion'. Addressing issues including the 'poverty premium', financial capability and housing, this dialogue advances crucial public, academic and policy debates and proposes alternative paths forward.

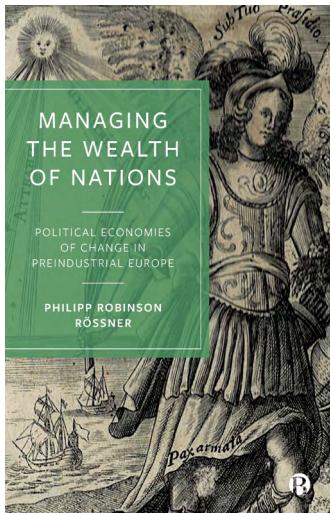

PB £26.99 ISBN 9781447355939

Managing the Wealth of Nations

Political Economies of Change in Preindustrial Europe

Philipp Robinson Rössner

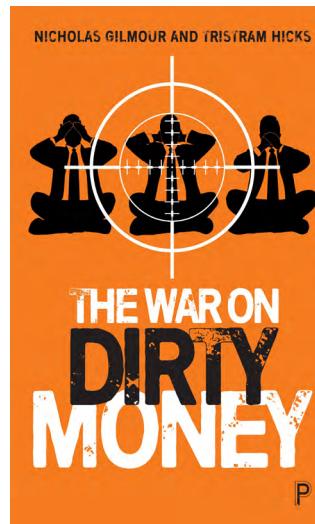

This pioneering work debunks the neoliberal origin myth of how capitalism came into the world. Rössner follows the development of capitalism from the Middle Ages through the industrial revolution to the modern day, casting new light on the areas where premodern political economies of growth and development made a difference.

HB £85.00 ISBN 9781529211221

UK March 2023

US April 2023

The War on Dirty Money

Nicholas Gilmour and Tristram Hicks

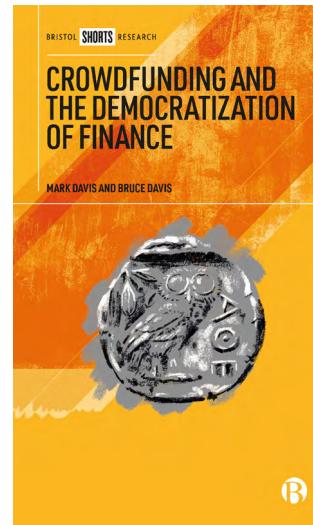

Billions of dollars are wasted each year trying to prevent 'dirty money' entering a financial system that is already awash with it. This book challenges the existing global approach and provides a toolbox of evidence-based solutions to help the frontline tackle financial crime.

PB £26.99 ISBN 9781447365129

216 x 140 mm 336 pages

UK February 2023

US March 2023

Crowdfunding and the Democratization of Finance

Mark Davis and Bruce Davis

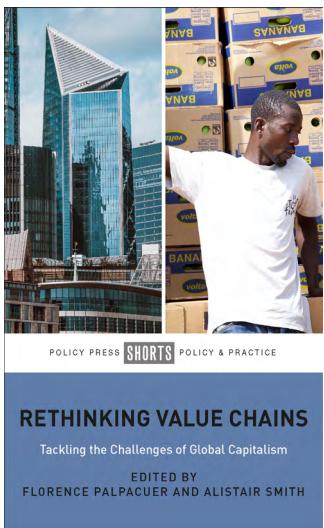

A unique collaboration between an academic and a practitioner, this book tells the story of money from ancient Athens to the Bitcoin revolution to explain how crowdfunding is the way for people to reclaim the power of their money in pursuit of a fairer and greener society.

Understanding Affordability

The Economics of Housing Markets

Geoffrey Meen and Christine Whitehead

Written by two distinguished housing economists, this ambitious book tackles one of the most important socio-economic issues facing households today. Drawing from theoretical and empirical frameworks, the authors challenge conventional wisdoms in housing economics and policy and offer innovative recommendations to improve housing affordability.

From Capital to Commons

Exploring the Promise of a World beyond Capitalism

Hannes Gerhardt

This stimulating analysis from Hannes Gerhardt shows how technology-led and commons-oriented strategies can create fairer economies and societies. Setting out the role of various digital tools with concrete examples of their value, it is a constructive and optimistic guide to overcoming anti-capitalist barriers.

Alternatives to Capitalism in the 21st Century

Post-Corona Capitalism

The Alternatives Ahead

Andreas Nölke

This book draws on comparative and international political economy to explore alternative options for future economic development in the wake of COVID-19. Covering all major infrastructures of contemporary capitalism affected by the pandemic, it analyses the impacts of the crisis on our global socio-economic-political systems.
