PUBLISHING WITH A PURPOSE

Global Social Challenges Journal

NON-PROFIT, OPEN ACCESS
PUBLISHING FOR CHANGE

Bristol University Press is delighted to announce its first fully Open Access journal.

"I'm proud to see Bristol University Press launching this important new journal, which promises to address the most urgent complexities of global social challenges by drawing together accessible international scholarship across the disciplines to inform policy and practice."

**PROFESSOR JUDITH SQUIRES, DEPUTY VICE-CHANCELLOR AND
PROVOST, UNIVERSITY OF BRISTOL**

How can we reimagine society in an era of climate change, pandemic, hunger, poverty, questions of racial, ethnic and gender justice and other pressing global societal challenges? Significant threats and dangers lie ahead of us, but so do opportunities, as new ways of being, thinking and doing emerge. This new, fully Open Access journal aims to facilitate thinking about these positive new trajectories and to become the journal of choice to address the complexities of global social challenges across disciplines and fields.

It will be the first such journal to be based in the social sciences while also engaging with research from humanities, arts and STEM. Including marginalised, minority and indigenous world views, the journal will be an important home for research that contributes to the creation of alternative futures that acknowledge past injustices and are socially and environmentally just and sustaining.
